BarCodeJet™

Product Information

The BarCodeJet is an external device that attaches to e-STUDIO products via Ethernet. Installation is quick, easy and requires no additional software. The BarCodeJet is the most complete and universal solution for printing barcodes from SAP R/3 Software and is SAP Certified. No programming is required to print professional barcodes; BarCodeJet does the job automatically, from checking incoming data, to writing text under or above the bars.

Specifications*

Physical
- Length: 5.5" (138mm)
- Width: 2.6" (66 mm)
- Height: 1.1" (28mm)

Electrical
- External power supply
- 110 VAC Input, 5 VDC @ 400 mA Required

Ethernet
- Supports both 10Mbs and 100Mbs data rates
- Supports both full-duplex or half-duplex operation

Environment
- Operating Temperature: 0 to 70 degrees C
- Storage Temperature: -65 to 150 degrees C
- Relative Humidity: 95% max. (non-condensing)

* Design and specifications are subject to change without notice.

FEATURES

- SAP and BarDIMM compatible
- SAP Certified
- Printer Independent Soluiton – Any PCL5 printer with an Ethernet connection
- No IP Programming necessary
- Easily moves from printer to printer without setup
- Small footprint
